Kothari This fourth multi-color edition has been made better equipped to make the learning more systematic. More details are added to old chapters keeping in mind the
need of advanced data analysis in social science research. The usage of the popular statistical package SPSS has also been shown through many examples. It is important to adopt an appropriate methodology in quality research. The present book provides the basic and advanced level discussion on research methodology so that the researchers may
become familiar with the art of using research methods and techniques. The book is intended to serve as a textbook for social science students at the graduate and postgraduate levels. The book can be taken as a well-organized guide for researchers in social science and other areas. Customer Reviews, including Product Star Ratings help customers
to learn more about the product and decide whether it is the right product for them. To calculate the overall star rating and percentage breakdown by star, we donâ€™t use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify
trustworthiness.
