Begin your review on Schaum's SkyNed of Advanced Mathematics for engineers and scientists that I find charming mathematics, and I bought this book just for fun! WHAT! I don't have a clue .. some of the formulas I recognize from my advanced college math courses "C". but most of me is there. And yet, where mathematics is both a language that is one's own and an art form, I could not understand it, but there is a beauty to it. This book is almost like visiting a modern art gallery ... I could not understand it, but this doesn't mean I can't appreciate it! I find fascinating mathematics and bought this book just for fun! WHAT!
