## Gunship battle total warfare hack mod apk

This is the wrong game for you, if you're someone who likes to spend a bit 'of money for a game. Probably you will receive the items you purchase from the store, but surely you will not receive bonuses or promotions. The customer service is the worst I've seen in any game. They offer absolutely nothing in compensation for the promotions that are clearly advertised on the company's Facebook page. This is a very disorganized company, with a small interest in supporting the game, and no intention of following the delivery of the promised bonus items (press to spend a certain amount of money or purchasing different packages). If you are free to play - 100%, then you can have some fun 'in this game up to level 13, level 13. After that upgrades become so expensive that tilghiamo have sufficient resources. The base itself provides barely anything, and mining gives barely cover some minor repairs ship and air. very toxic environment. People attack for no gain resources. Do not you stand a chance unless you are not Korean. Korean Company and the majority of players. We now have a random fee that requires 30% -50% of what your base produces. It seems that the latest money grab. The game is not enough money, then it invents a certain fee to get you to spend more. Admiral wishes! We would like to know from you and feel your concern throughout. Please send a note of your concern So our support can help you better.
