Unfortunately it arrived only with a manual of French owners !!! Does anyone have a copy or do you know where I can take one? I contacted Sears and the OWMM site listed here but still without luck. I found similar online models but not this particular. I don't really want to have this copy translated as it is more than 88 pg in length! I hope someone can help !! PS ... it also found that he has been involved in a call for several years ago. I ordered the new parts - I hope they can be provided!
