If you are considering it as a professional qualification or about to start studying for your Acca exams, it is important to know what is involved and what you will learn to advance your accounting career. In this blog, we look at each of the ACCO documents you will have to complete to become an affair accompaniment. Evidence, strategic strategic strategic activities (SBL) is, the strategic business leader exam (SBL) is a 4-hour and closed exam values The value of 100 brands Å ¢ ª, ~ "80 for technical knowledge and 20 professional brands. The exam will consist in a mandatory section with all the questions related to a case study. The case of study will be released on the day of the Examination, so there is no material to prepare. You will receive up to 18 pages of information that will include annual reports, e-mails, media sources, spreadsheets, images and diagrams, presentations, survey results, interviews and transcripts. Audit and advanced assurance (AAA) is designed the advanced audit card and insurance to reflect the auditors of the challenges will face a professional. Throughout the exam, you will need to analyze, evaluate and conclude on GA involvement Ranzia and other audit and warranty issues in the context of best practices and new developments. Note that the level of knowledge for AAA is aligned with the SBR program. Therefore the Acca recommends passing SBR before attempting AAA. Advanced Taxation 19/20 (ATX) The ATX exam is designed to help you understand how to exercise a professional judgment and provide information and advice on impacting taxes on financial decisions to individuals and societies. By completing this exam you will have the opportunity to apply your fiscal knowledge by interpreting and analyzing the results provided and related to information. Advanced performance management (APM) The advanced performance management card focuses on the management of a company to improve the and the basic pose a successful business. It is the first Å ¢ ª ¢ ¢ What should a company measure if you want to succeed in five years and what are the building blocks? Most of the arguments have been presented in accounting and performance management documents, but are examined at a higher level. With the passage of this document you will have greater critical awareness of the difficulties in measurement and performance management.194; 160; Advanced Financial Management (AFM) The Advanced Financial Management document focuses on the management of the finance of a company and is an advanced version of the financial management document.194; 160; The AFM document expects candidates to have a thorough knowledge, better analytical skills, and the ability to exercise a higher professional judgment. Instead of being asked to evaluate a bond as one could do in a financial management application, candidates must be able to recognize the need to calculate a bond value based on scenario.194; 160; Strategic Business Reporting (SBR) The strategic business communication document teaches you to apply your knowledge, skills and professional judgments in the company report.194; 160; You will learn to correctly prepare relationships and effectively communicate signaling principles and concepts to interested parties. Essentially it is a question of having an in-depth knowledge of corporate reporting and being able to communicate it to other business leaders. Are you trying to overcome the amount exams? Register for free with our basic plan to explore the platform and access ACCA resources and exams intuitions. Applied Skills Financial Management (FM) The financial management document explores how to manage the finances of a company. For example, you should learn to conduct an effective investment evaluation together with and the evaluation of alternative sources of business financing in 194; 160; At the end of this course, we will have the knowledge and skills provided by a financial director in the sectors of funding, investments and dividends. Audit and insurance (AA) Audit and insurance insurance It is a practical exam that teaches students how to complete an audit. Divided into seven key areas, there is a clear logic and path towards the course. It examines the regulatory context, the professional and ethical aspects, reporting, practical management, audit planning, issues and current developments and other tasks. Even, Financial Reporting (FR) completing the Financial Reporting document , knowledge and skills are developed in the understanding and application of accounting principles. Taxation 19/20 (TX) Examination Taxation will allow to deepen the knowledge and competences relating to the tax system applicable to societies, groups of societies and individuals. In the exam, you will need to answer 15 test applications of 2 votes each. The exam section B is composed of three questions comprising five objective tests of the value of two votes each, for which each application is worth a total of ten votes. Performance Management (PM) The Performance Management exam is concentrated on how to manage the performance of a company in 4 key areas to ensure profitability .å, the four areas include: Å, Costing and Management Accounting Techniques Decision Making Budgeting & Control Performance Measurement & Corporate Law Control (LW-ENG) The Corporate and Business Law exam will help you develop knowledge and skills in understanding the general legal framework and the specific legal areas related to companies. End of the LW document you will be able to: Å, identify the key elements of the legal system, including the sources of law to understand and apply the relevant legal rules relating to the right of obligations to explain and apply the law of work to distinguish between alternative forms and constitutions of Entrepreneurial Organizations Recognize and compare the types of capital and the financing of companies DESC Rivere and explain as a company corporate managed, administered and regulated to recognize the legal implications relating to the insolvency law shows proof of an understanding of the fraudulent corporate and criminal behavior of knowledge knowledge (mÅ) the accounting charter of management is an introduction in the area and looks at Techniques that would be used in an office environment from a technical point of view. The main purpose of the document is to develop an understanding of managerial accounting techniques that a company may have to use in various contexts, to support the management decision-making process. Financial Accounting (Fa) The financial accounting exam is not a particularly difficult document, but there are some specific skills you need to know to pass. The entire program is based on a really strong understanding of double entry and accounting accounting. In essence, this document verifies practical skills to be a financial accountant. Accountant in Business (AB) Accounting in Business Paper will give you an understanding of the company environment and the role of accounting and other key functions in contributing to the actual and ethical management of an organization, workforce and systems. Upon completion, you will have a solid understanding of the context of a corporate environment, including economic, legal and regulatory influences such as governance, employment, health and safety, security and data protection.
